## **Restoration work in progress on the North Coast Road**

Customers on the North Coast Road, from the Maracas Pillars to Blanchisseuse, are advised that following the opening of the road, which was blocked by a landslide and fallen tree this afternoon, T&TEC crews are currently onsite working to restore your electricity supply.

Some customers are already back on via our mobile Substation. We are working to replace our damaged pole and lines and restore supply to the other customers within a few hours.

We apologise for the inconvenience being experienced as a result of this unplanned outage and thank you for your patience.
